

82nd Annual Report

July 1, 1973 to June 30, 1974

## THE PLEDGE TO THE FLAG

*I pledge allegiance to the Flag  
of the United States of America  
and to the Republic for which it  
stands, one nation under God,  
indivisible, with liberty and justice  
for all.*

82nd Annual Report

Fiscal Year

July 1, 1973 to June 30, 1974

City of

Rutland, Vermont

Printed by NOVAK PRINTING CO., Inc.

*The Ambrosini brothers, Dino, T. Serse, and Derno.*

### THE COVER

Completed this year at City Hall were the new offices of the City Clerk and the Treasurer. Most appropriately two brothers, Dino and Derno Ambrosini, artists in marble sculpturing, presented this plaque to the City. The superior craftsmanship beautifies the entrance to the headquarters.

Beneath the seal is this inscription: "Made and presented to the City of Rutland by Dino and Derno Ambrosini in honor of Mayor Gilbert G. Godnick, May 27, 1974".

Appropriate public dedication services were held, and expressions of sincere gratitude were expressed.

*Mayor Godnick admires the beautiful marble seal.*

## SOME GENERAL INFORMATION ABOUT OUR CITY FOR NEWCOMERS AND VISITORS

The Police Department is comprised of 31 regular men, a chief, a captain, a lieutenant (detective), and administrative clerk, 2 traffic clerks and approximately 75 special officers. The Police Department has 5 pieces of major equipment all with two way radio.

The Fire Department is comprised of 24 regular firemen; a chief, 2 assistant chiefs, 2 captains and 2 lieutenants and 10 call firemen. The Fire Department has 12 major pieces of equipment including a Rescue Wagon.

Merchandise and materials purchased by the City must be by a purchase order obtained by all departments (except School Department). The Purchasing Agent is required to put out for bids all merchandise or materials costing \$500.00 or over.

All offices in City Hall are closed on Saturday.

No all night parking is allowed at any time during the year in the Central Business District.

All night parking in the entire city is prohibited from 1:00 a.m. to 7:00 a.m. from December 1st to March 31st, inclusive.

Hours of operation of the City Dump may be found elsewhere in this report.

Zoning Ordinances are available at the City Clerk's Office.

The Municipal Swimming Pools are located on North Main Street (US 7) and White Playground off Jackson Avenue.

The Chaffee Art Gallery is located on South Main Street (US 7).

The Rutland Free Library and Lawrence Recreation Center are located at the corners of Center and Court Streets.

The Rutland Hospital is located on Allen Street, east of US 7.

Rutland Mental Health Service, Inc. is now located at 78 South Main Street.

The Rutland Historical Society is located on Center Street.

The Board of Aldermen of the City of Rutland meet the first and third Monday of each month at City Hall at 7:30 p.m.

The Board of School Commissioners meets on the third Tuesday of each month.

Rutland is a central area of the surrounding ski country. CITY ELECTION day is the first Tuesday in March—March 4, 1975.

Copies of individual city ordinances are available to the public.

There are three ice skating rinks located in Rutland and also a small ski tow with instruction available.

Power Lawn Mowers—It is a violation of City Ordinances to use power lawn mowers in such a manner that they blow grass or leaves into the street. (R.O.R. Sec. 4462).

Dog Ordinance is to be found elsewhere in this report.

Pee-Wee Hockey, Rutland Fairgrounds, call Recreation office.

## VERMONT STATE GENERAL ASSEMBLY

### NO. R-54. JOINT RESOLUTION HONORING GEORGE F. JONES

(J.R.H. 58)

*Whereas*, this General Assembly is greatly saddened by the death of George F. Jones of Rutland, and

*Whereas*, Judge Jones served his country in France during World War I with honor and distinction, and

*Whereas*, Mr. Jones served his county as Judge of Probate for twenty-four years with devotion and dedication, and

*Whereas*, he was active in the politics of the state all his adult life having served the Republican party as state chairman from 1930 to 1933, as representative from the City of Rutland in 1955 and as Assistant Clerk of the House from 1965 to 1972, and

*Whereas*, as an attorney, he was active as a member of the American Bar Association, the Vermont Bar Association and the Rutland County Bar Association, and

*Whereas*, in 1933 he had the great honor of being a bearer at the funeral of America's 30th President, Calvin Coolidge, a beloved and distinguished son of Vermont, *now therefore be it*

*Resolved by the Senate and House of Representatives:*

That the General Assembly express its sympathy to the family of George F. Jones, and be it further

*Resolved:* That the Secretary of State be directed to forward a copy of this resolution to Mrs. George F. Jones, Joseph C. Jones and Mrs. John Vivian.

Approved: January 10, 1974.

### *Mayor's Message*

*To the Citizens of the City of Rutland:*

I labored long with the budget for the year July 1, 1974 - June 30, 1975.

There are many fixed expenses, all of which increased by inflationary rising costs, such as the many necessary supplies that the City purchases, plus insurance, lights, fuel, telephone and stamps. We can in no way regulate these costs.

Last but not least are cost of living increases in salaries which had to be adjusted.

These items actually accounted for the major increase in our tax structure.

Every item on the various budgets made up by the department heads, were all carefully screened and you can believe me when I tell you that many cuts were made and only the most essential expenditures were allowed, consistent with good services to our tax payers.

I regret very much the necessity to increase taxes but try as I did, it was just impossible to operate the City, otherwise.

A professional negotiator was engaged by our City in April. This was most necessary as the Police and Fire Departments joined the union. It is most important for us to have the proper representation in the various bargaining situations that present themselves, with these City departments, as well as the Department of Public Works.

We razed a City owned house on Wales Street adjacent to City Hall and resurfaced the area with crushed stone. The Gleasons finally moved in April and this building was demolished. All of the space is now used for Police Department parking and others at City Hall. This area has freed the various parking spaces in front of City Hall and the Plaza that taxpayers now find convenient. The Sharp building will be demolished to give us added parking.

Our Landfill is rapidly filling up. For several months I have had numerous meetings with local trash haulers and outside firms relative to recycling. I attended meetings in Montpelier and I have been endeavoring to get something done. We must find some means to fortify Rutland and its refuse problem and as of this date we are still furthering propositions and hopefully soon we will come up with something definite.

The Zoning and Building Department offices will be moving to office space adjacent to the Assessors office so that the services of one secretary can be utilized. Thereby cutting expenses and saving the salary of one person.

In my last report I made mention of the possibility of rehabilitating the Pine Hill area. We have put a great effort into this and I am pleased that we recently received approval of Federal and State funds, plus Rutland's share, for partial improvement. These funds will be utilized for a ball field and parking.

I am pleased to report that definitive plans are going forward at the White Playgrounds for two new tennis courts under lights and one new basketball court.

We are moving ahead with definite plans on our Meadow Street land. Revenue Sharing funds will go towards developing the area, plus two basketball fields and one tennis court.

A bridge at the White Playgrounds will be installed from Revenue Sharing funds.

We have installed lights on the basketball court at Rotary Field.

We have a program started for tree planting in parks and playgrounds.

The City recently purchased a double lot, corner of River and Meadow Streets. This area will be made ready as a mini-park for our youngsters.

I am still working towards other possibilities for recreation areas, for our citizens and I know that we need more.

My interest in our Senior Citizens remains constant. We have again allocated \$25,000. for a future Senior Citizens building from Revenue Sharing funds and hopefully in the not too distant future we will accomplish our purpose.

We did buy a bus for their use and other recreational programs.

I would call to our taxpayers attention the new City seal attached to the Strongs Avenue entrance of City Hall. This magnificent marble seal was carved by Dino and Derno Ambrosini and presented to the City at a ceremony on May 27th. Our profound thanks to the Ambrosini brothers for their generosity. Our thanks too go to Payson Webber for his help and cooperation in this instance.

The old Fire Station on Strongs Avenue has been rehabilitated. The City Clerk and Treasurer's offices are now occupying these premises. They are more convenient, larger and more desirable for our taxpayers. These offices have separate entrances and easy access on Strongs Avenue.

We are having these former areas blue-printed for use by the Police Department. This department is now operating in very tight quarters and hopefully soon the Police Department will have larger areas, occupying all the main floor space at City Hall. This will give them much needed space and should for a number of years dismiss the necessity for a new building.

The Food Stamp office is located in the City Clerk's office which is most accessible.

The necessary sewer project on the Creek Road is complete and functioning. St. Joseph College and the several residents in that area are quite pleased with that important improvement.

We were finally able to convince Mr. Gray, the Highway Commissioner, that we should have two traffic lights on the extreme lower part of South Main Street. There were several accidents in this area and hopefully these traffic signals will be beneficial to all traffic and pedestrians. I have been trying for some time to correct the traffic situation at Merchants Row and West Street. This area at this busy intersection is hazardous and something must be done to protect the pedestrians. I will continue my efforts until an effective change is made.

I have been contacted by some interested people who are desirous of organizing a bus line in our City. I think our citizens would be receptive, and I would be glad to help further such a proposition.

I would point out that during June a Poultney man put in operation two mini-buses called "Dial-a-Ride". For a 50¢ charge they will pick up passengers at or near their home to any part of

our City. I have heard many complimentary remarks about this service and hopefully they may continue to operate.

I regret to report the extensive vandalism and unnecessary destruction to City property that continues to plague our City. I cannot understand the reason for this extreme rowdiness and this most unfortunate situation in our City.

The early part of this year our new vocational school on Woodstock Avenue and the City Park on Main Street was needlessly vandalized. Over the weekend of July 6 and 7 the Northeast School was victimized and the estimated damage is about \$1,200. Over the same weekend trees were pulled out and destroyed at Main Street Park. The new tennis courts at Meadow Street Playgrounds were also ravaged. There were also some large and expensive windows broken at the old vocational school adjacent to Rutland High School.

For the very few in Rutland that are bent on destruction our citizens must be alert and advise the authorities whenever possible, when or where these individuals or gangs are on the rampage. Our Police Department just can't be everywhere at the right time and you the taxpayer must try and help.

The destructive elements whatever age, in our City must be stopped. We just can't afford this waste of taxpayers dollars.

We eventually will apprehend these people responsible for this vandalism and I will see to it they are prosecuted to the fullest extent of the law.

I made available the vacant City property, the old City reservoir, corner of Woodstock and Temple and north to Temple and Bellevue. This is being utilized by our citizens for vegetable gardens. This program is carried out under the guidance of the Jaycees and John Cioffredi, Superintendent of Recreation and Parks.

At the last City election it was voted to float a \$400,000. bond issue for the necessary sewer project on South and Spruce Streets. This was a most necessary alteration and I am pleased it passed by such a large vote. The residents in that part of our City have been plagued by water trouble and floods for years. This project will start just as soon as possible.

The City Charter change was voted in the affirmative, including an increase of 60¢ for our School department. This amount does not necessarily mean that it will be spent at once, but will give the school department some leeway for the next few years.

My open door policy is maintained, and the Citizens Days were well attended.

The energy situation this past winter has of necessity taken an abundance of my time. I have tried in many ways to help alleviate the shortage of gasoline in our City but as you can well imagine it has been an almost impossible task.

We have had countless meetings with gas stations owners and managers. At my request Forrest Orr, State Coordinator and Joseph Fernandez, Federal Coordinator were invited to Rutland for several meetings, with all concerned to possibly help out and answer the many questions entailed.

I met with Governor Salmon on numerous occasions for his help in getting us vitally needed gasoline. I went to Montpelier for a special energy meeting. I had been in contact with Boston and Washington to try and do anything that might possibly ease the burden of our citizens. The gasoline shortage, has unquestionably hurt Rutland and the region about us economically.

I was able to get about 18,000 gallons of fuel oil which was earmarked for emergency use only. Early this spring I sold this at a profit as we had to relinquish the storage space.

To help some of our less fortunate citizens, I set up the Rutland Emergency Fuel Fund. This was subscribed to publically, and had nothing whatsoever to do with City funds. We were able to help many who needed fuel, who couldn't secure or pay for the same. This fuel was bought from local dealers, who were very cooperative. Anchor Hocking was the Administrator of this fund and handled the situation in a fine manner.

We purchased three new police cruisers from Franklin Motors which were delivered in mid March. This was a very necessary expenditure.

With the opening of a new shopping center on the outskirts of Rutland, and the possibility of these new stores, injuring our established businesses in downtown Rutland I recommended to the Chamber of Commerce, and those other interested citizens, the necessity of doing something constructive to our central business district. Our downtown area must be revitalized with changes such as new sidewalks, lights and any improvements that would continue to make our central business district the major shopping area in Rutland County and its environs.

I invited five State people from Montpelier representing different departments to Rutland to look over our downtown area. We discussed the possibilities for not only beautifying the area but changes that will create a more up-to-date and convenient area for the shopping public.

Considering the importance of downtown Rutland I appointed a special Development Committee of public spirited citizens who have the know how and leadership to further some necessary changes in downtown Rutland.

Through my efforts an experienced City Planner, Mr. J. Theodore Caccioppi from the Department of Community Affairs, Montpelier, has been assigned to Rutland by Governor Salmon to work with our special Downtown Development Committee. Mr. Caccioppi is very knowledgeable and I feel sure that something constructive will be accomplished.

This committee asked the City for some substantial funding to show good faith. They pointed out that the City, as such has done nothing in the central business area for many years, parking excepted, that would make the area more compelling as a shopping district.

The Finance Committee said they would raise a like amount of money from stores, banks and property owners in the central business district.

I suggested to the Board of Aldermen that we contribute \$50,000. from our Revenue Sharing money, although this committee wanted a minimum of \$75,000. The committee was sure that they could match the City's donation as this money will be utilized for only public projects that will enhance downtown Rutland, not for any private enterprise.

We must of necessity make every effort to further improvements, in the downtown area and keep all our stores hopefully operating profitably. We cannot afford to lose any stores to the shopping center. This could create empty stores and lower income for property owners. This vicious cycle could greatly impair the City's tax structure. Under these conditions the municipal government would be hard pressed.

May I express my deepest appreciation for the overall support of our Board of Aldermen and the trust of all of our faithful employees of our City, not forgetting of course our taxpayers for their understanding and patience.

My appreciation to Lew Salander for his continuing assistance with my manifold duties.

Respectfully,

GILBERT G. GODNICK  
Mayor

# LETTER OF TRANSMITTAL FISCAL YEAR 1974 - 1975 CITY BUDGET

Honorable Board of Aldermen,  
City of Rutland, Vermont

Gentlemen and Mrs. Stearns:

In accordance with the requirements of Section 83 of the Charter of the City of Rutland, I herewith submit the budgets of the various departments for the ensuing Fiscal Year July 1, 1974 to and including June 30, 1975.

I labored long and hard with the budget and I regret very much the necessary increases. Try as I did it was just impossible to get by without the increase in our tax structure.

There are so many fixed expenses due to the inflationary rising costs such as the many necessary supplies that the City purchases, vis-a-vis, insurance, lights, fuel, telephone and stamps. We in no way can regulate these costs.

Last but not least our cost of living increases in salaries which under prevailing circumstances, had to be adjusted.

These items actually accounted for the major increases.

Needless for me to tell you every item was carefully screened and you can believe me when I tell you that many cuts were made and only the most essential expenditures were allowed, consistent with good services to our tax payers.

I anticipate that the Water and Sewer Committee will prepare new rates and have them ready for September 1974 billing.

I have left the items of meters and horns in the Water Department budget in the amount of \$31,500. with the understanding that water rates are to be increased. This added revenue will accrue towards the expenditure for necessary improvements to our antiquated system.

Within the next few months hopefully, we will have an outside organization operate our landfill. Their charge to the City will be less than what we are spending now. This difference in expense will benefit our taxpayers, and the overall operation will give added life to our landfill for approximately ten to twelve years.

Attached to this letter of transmittal is a communication from the City Clerk relative to increasing fees. I would request this matter be immediately referred to the Charter and Ordinance Committee for investigation, recommendation and report back by July 15th. The fees are collectable on or before May 1st of each year.

This office endorses *official travel* allowance from the present 8¢ per mile to 12¢ per mile.

Respectfully,

GILBERT G. GODNICK  
Mayor

## *Schools*

*To The Honorable City Council and  
Citizens of Rutland*

This September, the new Rutland Area Vocational Center opened its doors to approximately 650 area students. The opening of this facility marks a giant step forward in offering new and expanded educational opportunities to the community. The citizens of Rutland may take much pride in their decision, made in 1971, to construct this school. Mr. Doll, Director of the Vocational Center for many years, and Mr. Salebra, named Director in January of 1974, and the staff of the Center, are to be complimented for all the planning involved in opening the new school.

The opening of the Vocational Center has had important consequences for the junior and senior high schools. The renovations of the space vacated by the vocational division started in mid-year and continued through the summer. The renovations have made possible expended space for the science and art departments, additional classrooms, doubled the size of the library, office space for academic departments, and a student lounge. Classroom space in the high school has been made available to the junior high school, relieving to some extent the space pressures in that school. Finally, after several years of staggered scheduling, the junior and senior high schools have returned to a more normal school day and operate on a common schedule. We must acknowledge the additional efforts of the administration and staff of the two schools, and of the maintenance chief and his staff in completing this ambitious project.

At the elementary level it is again necessary to point out the inadequacy of many of our buildings. The closing of Longfellow School, and the repairs necessary at Lincoln School are evidence of the situation we face. The statement from last year's report bears repeating this year. "Important decisions will have to be made by the community in the near future about its school facilities". Increased budgetary allotments for the proper maintenance of our physical plants may be expected in each of the coming years.

The Board of School Commissioners gratefully acknowledge the assistance and support of Mayor Godnick and the Board of Aldermen in making available Revenue Sharing funds for several important projects: remodeling of the high school auditorium,

parking facilities at the Vocational School, paving projects, buses purchased to replace older vehicles, and funds to improve and expand athletic facilities.

With the concerns about space and facilities, we must not lose sight of the central mission of the school system: to provide quality educational programs for the citizens of the community, young and old. This past year committees of the Board of School Commissioners have met frequently with members of the instructional staff to investigate instructional programs, and requirements for improvement. As a consequence, many programs have been improved. The community may take pride in the quality and dedication of its instructional staff.

The school system continues to benefit from the cooperation and assistance it receives from Mayor Godnick and all City Departments. Special acknowledgment is made to City Attorney Richard Norton for his assistances in the great number of matters referred to him.

The Board of School Commissioners gratefully recognize the untiring efforts of the Superintendent and his staff in the coordinating and directing of the many programs and tasks within the school system. As President of the Board, thanks are also extended to colleagues on the Board for their cooperation and initiative.

Respectfully submitted,

FRANCIS B. McCAFFREY,  
*President Board of School  
Commissioners*

THOMAS G. CHESLEY,  
*Superintendent of Schools*

## Health Officer

To The Honorable City Council and  
The Citizens of Rutland, Vermont:

It is the pleasure of your Health Officer to submit herewith the annual report of the Health Department for the fiscal year beginning July 1, 1973 and ending June 30, 1974.

The Health Department is composed of a three man Board of Health, appointed by the Mayor, and a Health Officer, appointed by the State Board of Health.

Through this department is maintained the control of communicable diseases, inspection services for the maintaining of sanitary plumbing facilities, swimming pool and other places of public assemblage.

519 cases of contagious diseases were reported and quarantined during the year as follows:

Strep. Infection	283
Chickenpox	231
Measles	2
German Measles	2
Mumps	1
<b>Total</b>	<b>519</b>

All reported dog and animal bites were investigated and precautionary measures taken. There were no cases of Rabies.

The free annual immunization clinics in the elementary schools were held in April. 127 children were inoculated for immunization against Diphtheria and Tetanus. In November 209 children were immunized against Measles, German Measles, Mumps and Polio.

Dr. Beale, ably assisted by Mrs. McCormack, Miss Burke, and Mrs. Plumer, School Nurses, carried out this program.

Also in October free immunization shots for influenza were offered to all City employees. 68 employees availed themselves of this opportunity. Also 73 Senior Citizens were immunized, in October.

This department urges all who are eligible to take advantage of these special clinics.

A total of 373 samples of water from the City's taps were sent to the Bureau of Laboratories, Vermont Department of Health in Burlington for analysis. Seven samples showed slight evidence of contamination. This department again wishes to thank the Water Department for their excellent control work on the watershed and at the reservoir, especially Mr. Harry Jasmin and Mr. Rolla Jasmin.

Samples of water from the swimming pools were also sent to Burlington during the period the pools were open.

Many nuisance complaints were investigated and appropriate action taken.

As Health Officer I would like to express my appreciation for the courtesy and co-operation that I have received from the Mayor, City Council, City Employees, State Board of Health, School Nurses and the Parents and Physicians of the City of Rutland.

### Board of Health:

ROBERT W. BEAUCHAMP, Phg.  
HARRY RYAN, JR., M.D.  
GORDON B. SMITH, M.D.

Respectfully submitted,

CHARLES D. BEALE, D.O.  
Health Officer

## *Milk Inspector*

August 28, 1974

*To the Honorable City Council and  
The Citizens of Rutland, Vermont:*

I hereby submit the annual report of the Milk Inspector for the fiscal year July 1, 1973 to June 30, 1974.

Six hundred and fifty dollars (\$650.00) was collected in licenses during the year and the money turned over to the City Treasurer whose receipts I hold for that amount.

There were 15 licenses issued at the Rutland Fair. 95 restaurants, groceries, cafes, bakeries, peddlers and 4 creameries were also issued licenses during the year.

All creameries were inspected and approved.

Reports of the laboratory analysis of milk samples taken were accepted and published in the Rutland Herald.

As Milk Inspector I would like to take this opportunity to thank the producers, plant operators and the State Inspector, Mr. George Severance, for their cooperation during the past year.

Respectfully submitted,

CHARLES D. BEALE, D.O.  
*Milk Inspector*  
City of Rutland, Vt.

## *Civil Defense*

June 25, 1974

*To The Honorable City Council and  
The Citizens of Rutland:*

It is a pleasure to present to you the Annual Report of the Civil Defense department for the Fiscal Year ending June 30, 1974.

July began with the task of coordinating activities relating directly to the flood which struck the City on June 30. Rutland was spared from much of the flood damage which struck many areas of the state. Many hours were spent on the flood emergency by the Department of Public Works, the Police and Fire departments, the many volunteers from our Civil Defense organization, the Civil Air Patrol, the Vermont National Guard and members of the Board of Aldermen.

The State Civil Defense agency once again played an important role in helping us obtain aid from the National Guard and rendering assistance throughout the period, also in preparing the necessary papers to secure reimbursement for money spent by the City to pay for related flood work. I am happy to report that the State Auditors recently audited the City flood account and all that remains now is for the federal funds to be received.

This department assumed the responsibility of the adult School Crossing Guard program as of July 1st. The program was implemented with the opening of School in September and ended with the closing in June.

The Guards, Earl Blakely, Donald Boynton, Charles Callahan, Judith, Champagne, Herbert DeBell, Edward Dyer, Frances Kent, Leo Loso, James Nolan, Francis Sabourin, Victor Soulia, Florence Teachout, Terry Pratt, Deborah Godnick and Brian Waterman are to be commended for their untiring effort and cooperation in making this program a success. For this I thank them very much.

The Block Mothers program was introduced to the schools this past year with the cooperation of Juvenile Officer Douglas Williams. This program will be given more exposure this coming year in an effort to make it a workable program with the help of the teachers and the parents of students in the various elementary schools.

The energy crisis brought with it the possibility of fuel shortages during the fall and winter months. Having been appointed by the Mayor as a City Fuel Coordinator a program was set up through the Mayor's efforts with Mr. Anchor Hocking named Administrator. Throughout the winter the fund was beneficial to many City residents who required help. A special thanks to all who contributed to this worthwhile fund and to the Rutland Junior Board of Aldermen who conducted a dance on March 3 at the K of C with music furnished by the Satin and Steel Band. This benefit netted \$436.00 to the Fuel Fund and to the students at Mount Saint Joseph for their donation of \$400.00 to the Fund.

Other activities included the attendance of your Director at various seminars and the coordinating of two test exercises held locally this past year.

There were two severe storms which activated our Civil Defense organization to help while electric service was disrupted for a period of time. Once again the Communications people were on hand to observe fallen trees and electric wires reporting directly to the Emergency Operating Center at City Hall.

Last but not least congratulations are in order to the Boy Scouts of Troop 105 sponsored by the Grace Congregational Church on having completed a course in order to achieve a Civil Defense merit badge. The course was taught by Deputy Director Norman Pratt, Jr. and to our knowledge they are the first troop in this area to qualify for this badge.

In closing I want to thank Mayor Gilbert Godnick, the City Council, City officials and employees, all the volunteers and the local radio stations WHWB and WSYB, television station WCAX and the Rutland Herald for the help given this department this past year.

Respectfully submitted,

ALDO M. MANFREDI,  
*Director - Civil Defense*

## *Recreation and Parks*

*To The Honorable City Council and  
The Citizens of Rutland:*

It is with pleasure I submit to you our Annual Report for the fiscal year ending June 30, 1974.

### **MEADOW STREET PLAYGROUND:**

Meadow Street Playground was purchased from Vermont Catholic Charities, Inc. in July for \$35,000. During negotiations it was thought the property consisted of eight acres, but after surveying the property it showed approximately two additional acres. This led to a last minute price hassle with Catholic Charities, ironed out by a compromise measure, a twenty-five foot wide common right of way, which will serve as the playgrounds southern boundary. Long range plans include softball diamonds, tennis courts and perhaps a swimming pool. An open meeting designed to gauge public sentiment on what the city should do with its newly acquired property was held at St. Peters School, and consensus of opinion was the residents in that area would mainly like a new Swimming Pool.

### **FEDERAL GRANT:**

Federal money was appropriated for our Pine Hill Park Project. The Federal Bureau of Recreation approved \$34,000 in monies to help develop Athletic and Recreation Fields, including baseball, softball, and to build an entrance road and parking area.

### **TRANSPORTATION VAN:**

A new van was purchased in April with funds from Revenue Sharing. The bus will be used to transport Senior Citizens to and from the Center, and other various recreational activities such as swim team meets, playground camping expeditions, etc.

### **MAIN STREET POOL:**

Main St. Pool had numerous problems in the summer of 1973 and closed down for a week in July for caulking of its bottom, and other extensive repairs relating to its interior. The main drain is deteriorated and the water supply has to be supplied

mented constantly to keep up the water level. Leakage has caused Rotary Field's right center and right field to the southwest to become soaked.

#### **ATHLETIC FIELDS:**

It has become increasingly apparent that we are in dire need of athletic fields. In May of 1974 when organization of our summer athletic leagues was in progress the statistics below existed:

Evening Softball teams — 31      Babe Ruth teams — 6  
Morning Softball teams — 6      Midget League — 12  
Mitey Mites - 21 teams

The city owns and operates 1 Midget League field (Whites) and two softball fields, (Rotary and Meadow), which are to say the least insufficient for the above activities. Through the co-operation of the Rutland School Department, Rutland High School field and Northeast field were made available and through the courtesy of the College of St. Joseph the Provider, a field on their property was developed by the Dept. for use.

#### **VANDALISM:**

On the rampage again this year is the continual harrassment of destruction and vandalism. Main St. Park was plagued with broken benches, equipment, globes and lights. Bushes and trees were snapped and trampled. Discussion as to solving the problem has ranged from installment of security lights, hiring of a special juvenile officer, or imposing a curfew. Other vandalism ranged from defacing both city pools, and playground buildings. One of the most costly destructions was the cutting of our \$400 Ski Tow Rope, which could not be spliced.

#### **DR. SEELEY MEMORIAL FUND:**

As of June 30, 1974 the fund totals \$1,606.66. Donations will go towards construction of a tennis court in memory of Dr. Ralph H. Seeley, Jr.

#### **CITIZENS BAND RADIO:**

A needed addition to the Department was a radio unit consisting of one base set, and four mobile units.

#### **MASTER PLANS:**

The Department began the project of developing Pine Hill Area, and Meadow Street by having Master Plans of each project drawn up.

#### **FIRE PROTECTION:**

The Recreation Center now has a Fire Alarm Detection System and Emergency Lighting installed in March of 1974.

#### **ROTARY FIELD IMPROVEMENTS:**

A new floor of tile was laid at Rotary, thus enabling the Department to conduct more of its activities there. Slimnastics, dance classes, groups and clubs can conduct their programs at this facility. The new floor replaced a rough, uneven wooden one.

#### **SENIOR CITIZENS:**

The Rutland Recreation Center for Senior Citizens, located at 117 West St., in a effort to provide the psychological, intellectual, and social needs of the older residents of Rutland City, offer free of charge, continuing programs in painting, rug hooking, crocheting, ceramics, crafts, cards, bingo, bowling, visits to local nursing homes, lip reading, monthly health checks, yearly tax assistance in filing for sales tax and property tax rebate, and library service. Ongoing information and referral service is provided and continually being updated due to the staff's active membership on the Rutland Human Resources Council. Participants at the Center have become actively involved in RSVP (Retired Senior Volunteer Program) and provide their skills in the Operation Warm-up Program, creating lap robes, afghans, slippers, mittens, etc. for residents of local nursing homes and needy families in the community. Emergency medical identification cards are provided upon request. The Center is one of the local sites of the Federal Nutrition Project. This project provides a noontime catered hot meal to all interested older city residents at a nominal fee.

#### **REVENUE SHARING:**

Some of the local senior citizens requested \$95,000 from the Revenue Sharing pie, totaling \$700,000. The Board of Aldermen approved \$22,500 for the first years appropriation, and hope to add to this amount until their quota is reached. Their goal is a new Senior Citizens Center.

#### **GARDEN PLOTS:**

City owned land on Deer Street was used as a community Garden Plot under the supervision of the Rutland Area J.C.'s.

#### **NEW PROJECTS:**

Lights on Rotary Field Basketball Courts.  
Two new Tennis Courts at White.

#### **SPRING AND SUMMER EVENTS AND PROGRAMS**

##### **Playground and Camp Areas:**

Meadow Street	Northwest Playground
Rotary Field	Pine Hill Day Camp
White Playground	Madison St. Mini Park
Northeast Playground	Summer Pre-School Area.

**FOURTH ANNUAL CHILDRENS CARNIVAL:**

The annual Carnival was set up in Main St. Park by children from each of the five playgrounds. Games and booths were designed by the children themselves. Profits, of which totaled \$190.00, were donated to the Jimmy Fund in the name of David McNamara.

**SUMMER ACTIVITIES (\*New Programs)**

Fishing Derby	Softball League-Elementary girls
Bike Hikes	Softball League-Elementary boys
Baseball-Junior League (13 and up)	Softball Leagues-Four Adult
*Baseball-Babe Ruth (13-16)	Swimming Pools-2
Baseball-Mitey Mites (7-9)	Mini Park
Baseball-Midget League (10-12)	Day Camp-Pine Hill area
Basketball League-Adult	Golf Lessons-Youth and Adult
Basketball League-High School	Rock Concerts
Tennis Lessons-Youth & Adult	Band Concerts
Tennis Tournaments	*Summer Volleyball League-Men
*Track and Field Program	

**\*BABE RUTH BASEBALL:**

This League was taken over by Rutland City this year to enable more boys to play. Boys who had played on the County League last year were drafted, and the new boys of which ninety tried out, were spread over the six team league.

**FALL AND WINTER PROGRAMS (Youth) \*New**

*Hunter Safety	Jr. Stamp Club
Folk Dance	*Jr. Sq. Dance Group
Modern Dance	Teen Council
Modern Jazz	Basketball League-Boys
Baton Classes and Clinic	*Basketball League-Girls
Cheering Classes and Clinic	Arts and Crafts
Karate	Drama Club
Creative Movement	Open Gym
Babysitting Course	Horseback riding
Teen Dances	Girls Drill Team
Flag Football	*Fly Cast and Tie Club
Girls Gym	*Trap and Skeet Club
Ice Hockey	Skating Rinks
*Boxing	*Skating Club
Teen Cellar-with pool, ping pong, shuffleboard, pinball, and bowling machine	Halloween Parade
	Easter Events
	Girls Soccer

**HIGH SCHOOL HOCKEY:**

An Ice Hockey League was initiated, but due to a lack of interest, was dropped.

**CHRISTMAS EVENTS:**

Childrens Story Hour	Skating Trip-Middlebury
Christmas Party-Ages 3-7	Indoor Rink
Christmas Show-Craft Display and Drama Club presentation	Jr. High School Dance
Wreath Making	Sr. High School Dance
	Snow Sculpture Contest-Park
	Holiday Basketball Tourney
	Pool, Table Tennis, Chess and Checker Tourney
	Toy Project - 75 families received boxes of gifts.

Our sincere thanks goes to the staff of the National Grange Mutual Ins. Co., the I.H.M. congregation for their "Giving Tree", and all those citizens who donated to our "Toy Project".

**\*BOXING:**

Boxing returned to Rutland with the help of Tom Garrow, a former New England Professional Champion and Vt. Golden Gloves Boxing Champion. Boys sixteen years of age and older were eligible. Tom's coaching proved rewarding with Mark Garrow, Mike and Jim Mee took the State A.A.U. crown. Revival of Boxing in Rutland was apparent when over 200 spectators turned out in Rutland to watch a "Smoker".

**MICHAEL COLEMAN AWARD:**

Kevin Noble of 12 North Street, participant in the Departments Flag Football League, received the Michael Coleman award for sportsmanship, courage, and leadership qualities. The award was given by Mr. and Mrs. Marvin Coleman in memory of their son.

**A SPECIAL PROGRAM:**

A program for children with certain disabilities was held twice monthly at Rotary Field House. Activities included games and storytelling.

**ACTIVITIES AND PROGRAMS (Adult) \*New**

Indoor Tennis Lessons	*Camera Club
Rutland Family Campers	Ping Pong Tourney
Maple Leaf Cat Fanciers	Skating Rinks (2)
Dog Obedience Classes	Ski Tow
Womens Slimnastics	Ski Touring for Women
Adult Basketball League	Sq. Dance Club and Lessons
Mens Phy. Ed. Program	Karate
Weight Room	Yoga
Sauna Bath	Coin Club
Volleyball-Mens and Womens	Stamp Club
*Art Class in Lettering	*Fly Tying

**LONG RANGE PLANS**

1. Proposed improvement and development of Meadow Street Playground area.
2. Special Park for Senior Citizens.
3. Development of Pine Hill as a Recreation Area.
4. Construction of a sports complex near Pine Hill that will include football and baseball fields and tennis facilities.
5. Construction of wading pools at various neighborhood playgrounds.
6. An Indoor Rink.
7. Continuation and expansion of Departments Municipal beautification program.

**FISCAL NEEDS FOR THE DEPARTMENT ARE:**

Department Park Policeman  
 More Mini-Parks  
 Lighted Fields  
 Ballfields (Baseball and Softball)  
 Tennis Courts  
 Fill for White Playground  
 Handball Courts  
 Main Garage  
 More Maintenance Equipment

I would again like to thank the Mayor, Board of Aldermen, members and citizens of Rutland for their support and encouragement. I would also like to thank my staff, Frank McCormack and the WHWB staff, Ralph Smith and the WSYB staff, Tom Fagan, Myles Pratico, Thomas Chesley, and the School Board, Mr. Donald Parker, Judge Howard Douglass, Vt. Cycle for their donation, Ken Pierce and the members of Mayor's Recreation Sports Facilities Committee, Tom Garrow and Warren Pease, and all the Midget League and Babe Ruth Coaches and other volunteers who so graciously donated their time and effort.

Total expenditures for the Department \$204,062.94.

Total Receipts \$14,064.29.

Respectfully submitted,

JOHN W. CIOFFREDI, *Superintendent*  
*Recreation and Parks Department*

## Fire Protection

To the Honorable City Council:

Gentlemen and Mrs. Stearns:

I hereby submit to you the annual report of the activities of the Fire Department for the year ending June 30, 1974.

The Department responded to 396 alarms as follows: Telephone 262, Street Box 111, Automatic detection 21 and verbal 2. The Department also responded to 481 so called "Special Service" calls of various nature making a total of 877 calls for the year. There were 4 General alarms. There were five deaths caused by fire during the year.

The fire loss as far as could be ascertained is as follows:

	<b>Buildings</b>	
Sound Value	Insurance carried	Insurance Paid
\$1,497,470.00	\$1,250,000.00	\$17,043.00
	<b>Contents</b>	
\$ 590,469.00	\$ 536,790.00	\$12,301.86
Totals:		
\$2,088,439.00	\$1,787,290.00	\$29,344.86

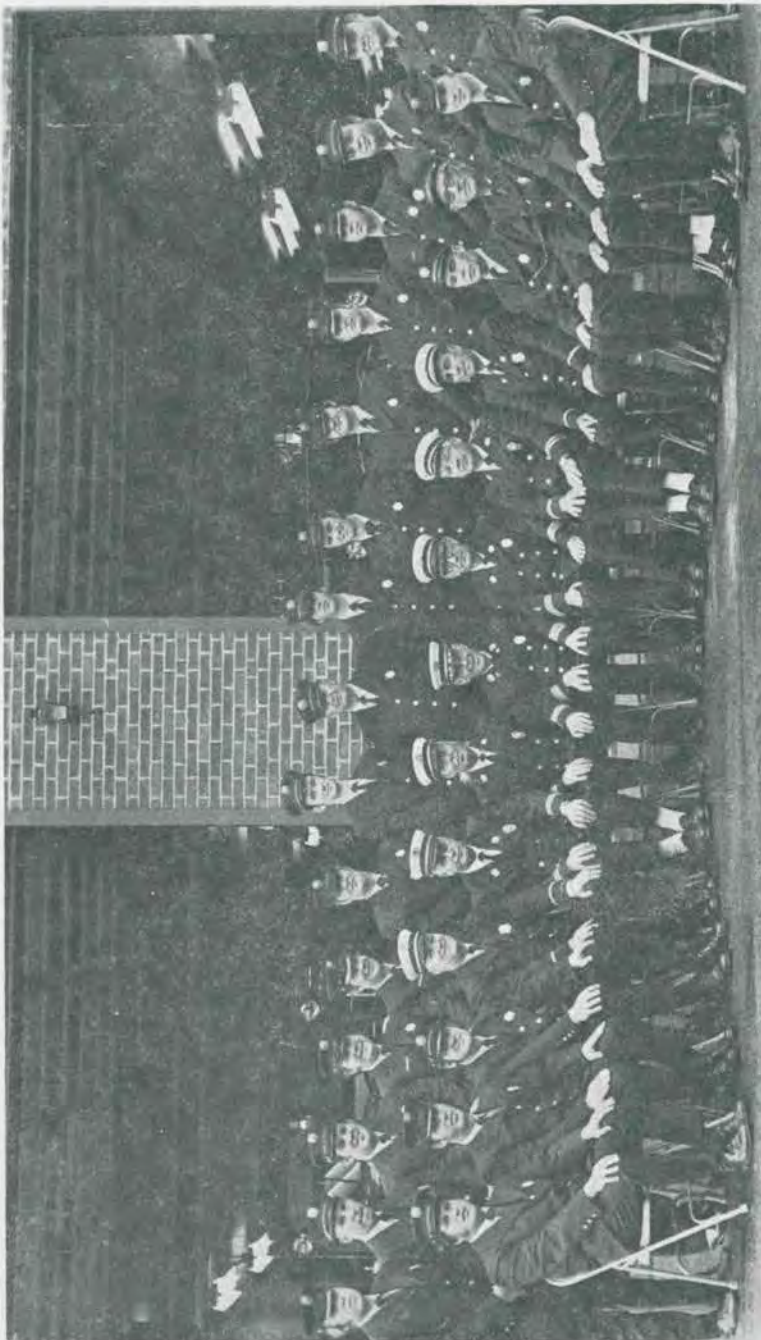

Some fire losses do not show in this report as they were not reported to this Department.

This is one of the lowest fire losses in several years.

Personnel of the Fire Department consists of: 1 Chief, 2 Assistant Chiefs, 2 Captains, 2 Lieutenants, 26 Regular Firemen, 10 Call men.

**Apparatus**

Engine #1—1963—1000 GPM Maxim Triple Combination  
 Engine #2—1969—1000 GPM Maxim Triple Combination  
 Engine #3—1963— 750 GPM Maxim Quadruple Combination  
 Engine #4—1969— 750 GPM Maxim Triple Combination  
 Ladder #1—1957— 85 Ft. Maxim Aerial Truck  
 1966—Chevrolet Rescue Truck

## ANNUAL REPORT

49

1968—Ford Truck w/15 KW Lighting Unit  
 1967—3/4 Ton G.M.C. Pick-up Truck  
 1971—Aerial Lift G.M.C. Truck  
 1972—Pontiac Sedan  
 1968—Truck, Cargo 2 1/2 Ton  
 16 Ft. Rowboat w/Trailer

All apparatus is in first class condition.

Eleven new alarm boxes were purchased and will be added to the fire alarm system. These new boxes will be placed in all sectors and will give adequate coverage throughout the city. New cable carrying Fire Alarm and Police Signal wiring was installed on Strongs Avenue, Wales Street and West Street to Edson Street. One and one half miles of new and replaced wire was installed in the city during the year.

Regular weekly inspections were made with the Building Inspectors and the Health Officer.

Alarms by Day of Week		Alarms by Hours of the Day	
		A.M.	P.M.
Sunday	41	12-1	8 17
Monday	44	1-2	7 21
Tuesday	51	2-3	8 20
Wednesday	54	3-4	10 22
Thursday	76	4-5	6 23
Friday	68	5-6	8 27
Saturday	62	6-7	5 21
		7-8	10 28
		8-9	9 30
		9-10	9 32
		10-11	16 29
		11-12	16 14

### Cost of Operating:

Total Appropriation		\$380,180.55
Personal Services	\$329,257.03	
Capital Outlay	8,015.17	
General Expense	31,299.55	
Total Expenditures	\$368,571.75	
Balance returned		\$ 11,608.80

I wish to thank all of the members of the Fire Department, His Honor the Mayor and all other Departments for their assistance and cooperation.

Respectfully submitted,

ALFRED H. KOLTONSKI  
 Chief of Fire Department

## Public Works Dept.

August 27, 1974

To: The Honorable City Council and The Citizens of Rutland

It is both a pleasure and an honor to hereby submit the Annual Report of the Department of Public Works for the year ending June 30, 1974.

Public Works projects providing lasting benefits to all of our citizens can best be accomplished out of careful advance planning and teamwork by our taxpayers, our elected governmental officials and this Department. Within our Department our goal is to first agree, then build. Again, I ask for your assistance in permitting us time in planning to prevent future problems, while we answer in an ordered manner existing complaints.

### STREETS AND SEWERS DIVISION

#### Streets

The annual "Hot Mix" (bituminous concrete) Program continues: some 10,906 tons of hot mix overlay were placed by our paving contractor, Vermont Paving on 57 streets for \$115,822.90.

The streets paved (or portions of) were as follows:

South Main Street, Mansfield Place, Bellevue Avenue, Porter Street, Thrall Avenue, Strong's Avenue, Evergreen Avenue, Columbian Avenue, Pearl Street, Seabury Street, Mayfield Road, Walnut Street, North Church Street, Marolin Street, Emeritus Street, Newton Street, Leonard Street, Clark Street, Belmont Avenue, Newport Drive, Durham Avenue, Ross Street, Nelson Place, Eastview Court, Killington Avenue, Westview Court, Grandview Terrace, Haywood Avenue, Cramton Avenue, Emmett Avenue, Ripley Road, St. Joseph Avenue, Cherry Street, Meadow Street, Forest Street, Spruce Street, Post Street, St. John's Street, Williams Street, Traverse Place, Grove Street, Court Street, Madison Street, Plain Street, Bellevue Avenue Extension, Tremont Street, North Street Extension, Billings Avenue, Lyman Avenue, East Street, Kingsley Court, Dorr Drive Bridge, Giorgetti Boulevard, Curtis Avenue, Stratton Road, Perkins Road and Ronaldo Court.

Our mileage record for the five years of the "Hot Mix" paving program is:

1969	8.02	L. M. Pike
1970	9.25	L. M. Pike
1971	5.84	Vt. Paving
1972	7.53	Vt. Paving
1973	9.75	Vt. Paving

40.39

The Surface Treatment Program also continues consuming 13,600 gallons of MC-800, 14,950 gallons of RS-3K at a cost of \$7,443.22 and 192 tons of peastone at a cost of \$9,571.36. Some 555.70 tons of Cold Patch costing \$4,872.68 were consumed. Streets included in this program were:

Phillips Street, Grove Street, Noyes Avenue, Plain Street, Killington Terrace, Woodland Drive, Upland Drive, North Street Extension, Rosemary Avenue, Merrill Street, Sharon Drive, Irving Heights, Charter Hills, Brentwood Drive, Robinwood Lane, Hilltop Terrace, Spruce Street, Water Street, Hazel Street, Ronaldo Court, Brightview Avenue, Mussey Street, Jefferson Street, Stratton Road, Curtis Avenue, Gilrain Avenue, Catherine Drive, Butterfly Avenue, Gleason Road, Coolidge Avenue, Dump Road, Avenue A to Avenue B, Newport Drive, Forest Street, Ash Street, Williams Street, Plain Street, Ivy Street, Emmett Avenue, Hillcrest Road, Moulthrop Avenue, Ross Street, North Street, Spruce Street, Eastview Court.

Major equipment items purchased during the year were as follows:

- 2 1974 6-yard International Dump Trucks
- 1 1974 1-Ton GMC Dump Truck
- 1 1969 1-yard GMC Dump Truck—lease purchase agreement
- 1 Portable Steam Cleaner

Our progress on new curb and sidewalk installation is caught up to March 1973 requests.

We installed 1,618 feet of new concrete curbing and 1,236½ feet of new concrete sidewalk, and replaced 268½ feet of concrete sidewalk. Hot mix curb was installed on Lyman Avenue and Tremont Street. Also, a footbridge was built on Granger Street.

We installed 1400 feet of culvert pipe at Ronaldo Court.

The Kiwanis Club has furnished the City with 10 more trash barrels in addition to the 10 they had already given the City in the interest of Rutland's beautification.

#### Sewers

Sewer Main Projects:

Grandview Terrace	200 feet	8" VCP
Irving Heights	190 feet	8" VCP

Ridgewood Lane	350 feet	8" VCP
Service Connections Installed		40
New Manholes		4
Manholes Repaired		9
New Catch Basins		9
Catch Basins Rebuilt		11
Catch Basins Repaired		9
Catch Basin Project (Earle & Merry)		75

Our consulting engineer, Malcolm Pirnie, Inc., is conducting a study of the sewerage system. An Infiltration/Inflow Analysis is being made as a necessary part of the study in order for any work done to be eligible for Federal and State funding. The next step will be a complete sewer evaluation project.

The State Water Resources Board has issued a Rule #21 making it mandatory for the City to contact the Secretary of the Agency of Environmental Conservation for permission to connect any catch basin to any combined or sanitary sewer main.

Dorr Drive/Clement Road Sewerage Project consists of 2005 feet of 8-inch ABS pipe, 2100 feet of 6-inch CI force main, 1 pumping station with an initial capacity of 250 GPM @ 55 feet TDH and a future capacity of 400 GPM @ 90 feet TDH. Dufresne-Henry of Springfield, Vermont provided the design and Resident Engineer and Welch and Welch of Springfield, Massachusetts was the contractor.

#### Winter Maintenance

The winter of 1973-1974 had a total accumulation of approximately 60" of snow. A total of 1,340.02 tons of salt was used costing \$22,137.85; as opposed to the previous year's amount of snowfall of 72½" and the salt used on streets was 3,190 tons. I credit the \$27,722.15 savings in salt expenditures to the fact that our salt spreaders were calibrated; a policy which I have been trying to enforce as standard procedure.

#### Solid Waste Disposal

Our Landfill Dump operation shows a marked increase in expense due to the outlandish cost of repairs to equipment.

Haulers are still required to be licensed the fee depending on the capacity of their vehicles:

15 to 30 yard capacity	\$200 per year	7 vehicles
15 yard capacity	\$150 per year	3 vehicles
5 to 10 yard capacity	\$100 per year	8 vehicles
Up to 5-yard capacity	\$ 50 per year	9 vehicles

We are continuing to use near Hibbert Pond adjacent to Calvary Cemetery for the disposition of trees cut down under contract.

On Monday through Friday, Mr. Elwin Leonard, our Landfill Operator/Caretaker reports daily the road conditions at the Landfill which our office relays to the local radio stations thereby keeping the public informed.

Our Landfill hours are still 8:30 a.m. to 4:30 p.m., six days a week. The Stump Dump at the Landfill site operates five days a week to receive demolition materials and brush only.

The Junk Car Program is still effective disposing of junk cars and bulky metallic wastes such as stoves, refrigerators and the like.

#### Tree Program

	1970-71	1971-72	1972-73	1973-74
Removed .....	88	149	111	108
Planted .....	5	35	162	101
Sprayed .....	1600	—	—	—
Stumps Removed .....	69	130	148	145
Elm Tree Injection .....	—	—	—	19
Tree Reports Issued .....	—	—	—	67

The City of Rutland will forever be indebted to Mr. Warren E. Smith of 166 Lincoln Avenue for his very generous donation of \$2,000 thereby making our Tree Planting Program possible this year. We are also very grateful to Mr. Willard A. Squires of North Clarendon for his very generous offer of maple trees, "I have plenty of maple trees to be set out. They are free for the digging". Also, Mr. James M. Todd of Rutland donated \$20 to replace one of the trees that had been cut down. We also want to thank Mrs. June Kelley of 70 East Washington Street for her donation of a beautiful blue spruce tree to be planted on the City Hall lawn and Mr. Paul Robinson of Robinson Treescaping, Salisbury, Vermont for offering to transplant the tree free of charge. Last, but not least, we want to thank the Boy Scouts of Troop 104 and 105 who participated in the City of Rutland spring tree planting project. Without all of this generosity, there would not have been a tree planting program this year.

#### WATERWORKS DIVISION

The Waterworks Division is subdivided into the services of Water Resources, Water Treatment and Water Distribution.

##### Water Resources

The Rutland City watershed is approximately 12,000 acres. The City owns over 4,000 acres as City Forest. There are 35 miles of brooks that we patrol monthly. The following types of installations are inspected for proper sewage disposal facilities:

Motels .....	6
Restaurants & Diners .....	6
Ski Lodges .....	10

Condominiums & Apartments .....	6	No. of Inspections ..	2,500
Vacation Homes .....	28	No. of Violations ..	7
Private Homes .....	145	No. of Violations ..	—
Business Complex .....	1	Corrected .....	7
	202	No. of Water Samples ..	235

All water courses were completely patrolled once a month, from ice out in the spring until freeze-up in the winter, and then when weather permits.

Firewood Cutting Permits were issued commencing in December of 1973. This project took into account the requirements of the Energy Crisis as well as aided us in maintenance of our Watershed. As of May, 1974 we issued 35 permits for 64 cords of wood at \$1 per cord.

#### Water Treatment

Prechlorination at the reservoir intake was started again on March 31, 1974. We used 130 lbs. of HTH on the banks and 500 lbs. of copper sulphate to treat the pond. We started screening the water June 16, 1974. UVM students have been conducting a bottom study of water courses in the watershed.

New street and flood lights were installed at our reservoir road site at the Chlorine House on Post Road.

New stainless steel wire screening was replaced at the Intake Valve structure.

1,437,954,000 gallons of water were treated.

Major equipment items purchased this year were a 15 kw generator, 1 Chlorinator, lease-purchase agreement.

#### WATER POLLUTION CONTROL PLANT

A total of 1,725,601,000 gallons of sewage and storm water was processed at the plant during the past year. In addition 122½ cubic yards of grit was removed from the system together with a various assortment of debris other than sanitary waste, the latter a direct result of the undesirable combination system presently utilized in this city.

Upon completion of repairs to our number two Digester which failed in October 1972, our number one Digester suffered a similar catastrophe on December 12, 1973, and we were again forced to undergo extensive and costly repairs. These repairs were completed on March 27, 1974 and for the first time in over a year both Digesters were back in operation. On or about May 21, 1974 sufficient gas was being produced in our Digesters to operate our Heat Exchanger. This results in a considerable savings in fuel consumption because without gas, which is produced from the waste, oil must be utilized.

We are still experiencing difficulty with our flo-recording devices, and we anticipate installing a new transmitter which, according to the manufacturer's representative, should solve our problem in this respect.

During the past eleven years of operation the "Baffle Walls" in our Chlorine Contact Tank, which were constructed of "cement blocks" became so deteriorated that they had to be replaced. This was accomplished in May, 1974. The "blocks" were replaced with reinforced concrete walls which should result in a great improvement.

During the past year we have had the pleasure of conducting many tours of students and individuals through this plant. We are pleased at the interest shown by many students, and we are looking forward with pleasure to more visits from these groups.

This Division also has the responsibility of operating and maintenance of the various sewage pumping stations in the City. The most recent addition being Northeast Drive, Grove Street at the Country Club and Dorr Drive at the College of St. Joseph the Provider. The station at the College was necessary due to massive failure of their subsurface sewage disposal fields which were causing pollution to Otter Creek.

Mr. Pasquale Barone was appointed Plant Superintendent on November 19, 1973 to succeed Mr. Erickson who was transferred to the Department of Public Works Office.

### Water Distribution

New Water Main Extensions were as follows:

Stratton Road	820 ft. 6" CIP;	
Charter Hills	8 ft. 6" CIP; 460 ft. 8" CIP	
Bellevue Avenue	5 ft. 6" CIP; 471 ft. 8" CIP	
Ridgewood Lane	8 ft. 6" CIP; 460 ft. 8" CIP	
Grandview Terrace	11 ft. 6" CIP; 523 ft. 8" CIP	

	1971-72	1972-73	1973-74
Main Extensions	447	1788	2,766
New Hydrants	2	11	6
Hydrants Repaired	17	2	16
New Service Connection	52	42	45
Relay Services	15	16	17
Curb Boxes	62	2	71
New Meters	607	55	45
Repair Mains	11	5	7
Repair Valves	3	1	1
Relay Main	2	1	1
Install Blow-offs	8	5	1
Install Valves	5	5	10

Monthly reports are issued on the Pressure Reducing Valves, Pressure Release Valve and on the Upland Road Pumping Station.

A Hydrant Project was established and along with the Valve Project, will be implemented.

Our pressure reducing valve on East Street was completely overhauled and our other valves were checked and maintained.

### ENGINEERING

Activities this past year are as follows: Preliminary Survey and contract documents for the Spruce-South Street Sewer Project, Pre-programmed street and sewer project for 1974-1975 Budget, Preliminary recycling specifications, Curb and Sidewalk Projects, Tree Planting Program, Tree Complaints, Building Permits, Investigations and Reports, Sewer and Water Main Extensions—line and grade, Vocational Technical School Planning and Site Plans, Granger Street Footbridge, North Street Extension-Hillside Road—survey and layout streets, line, grade and paving program, Meadow Street Playground layout for recreation consultant—working with Malcolm Pirnie consultant on water and sewer project—preparing easements, deed descriptions for City land transactions—coordinating flood repair work. Started the Downtown Sidewalk Survey Inventory, Started to prepare the Department of Public Works for data processing.

Municipal Engineer Patrick J. Garahan joined our staff on December 3, 1973 and has been a valuable asset to our Department.

### ADMINISTRATION

Activities and services rendered to the public were as follows:

We recovered \$3,247.30 in insurance claims against damages to City property.

We prepared facts and figures of expenditures of labor, material, equipment and contractual services to receive Federal Disaster Assistance in the amount of \$104,464.00 (eligible costs) for the Flood of June 30, 1973.

As instructed by the Board of Aldermen, Sewage Treatment Plant Superintendent Herbert Erickson was assigned to the post of Administrative Manager at the Department of Public Works Office until the time of his retirement. In addition to Mr. Erickson the following people retired: Francis Powers and Michael Kantorksi.

Much to our sorrow and the Department of Public Works' loss, the following died during this year: Peter F. Notte who had been with the Public Works Department since May, 1947; and Francis R. Stewart who had been with us since March 1971.

I would like to express appreciation for the courtesy and cooperation that I have received from the Mayor, Board of Aldermen and other departments.

I wish especially to thank Alderman Ethel Stearns as Chairman of the Public Works Committee for her assistance and cooperation with my Department. She has been most helpful and it has been a pleasure to work with Alderman Stearns. Finally, I wish to thank all the hard-working members of the Department, which I proudly head, and the citizens of the City of Rutland for their continued cooperation and assistance.

LYMAN H. STYLES, JR.

*Commissioner of Public Works*

## Building Inspector

*To The Honorable City Council  
City of Rutland, Vermont*

Gentlemen:

It is my pleasure to submit to you the annual report of the activities of the Building Inspector's Office for the fiscal year ending June 30, 1974.

I wish to thank his Honor, the Mayor, the Honorable Board of Aldermen, the Zoning Board of Adjustment and all other city departments for their cooperation and assistance.

Respectfully submitted,

JAMES B. CRANDALL  
*Building Inspector*

*Board of Zoning Adjustment*

*Honorable Mayor Godnick,  
Honorable City Council,  
Rutland, Vermont*

Gentlemen and Mrs. Stearns:

It is my pleasure to submit to you the activities of the Zoning Board for the year July, 1973 to July, 1974.

We had a busy but pleasant year. We had many requests for home industries, some different than last year. We gave permits for art studios and the sale of art works, and art supplies. A picture framing business was started in the home. Also a permit for a yarn shop in the home was granted.

A grocery store that was in operation on Dorr Drive several years ago was reopened at the request of the neighborhood.

Several mobile homes were approved. Another doctor's office was opened on Jackson Avenue, and a new pharmacy was opened on North Main Street.

Several conversions of properties into smaller apartments were worked on by the Board and were granted. Some variances were granted and some had to be refused. We also held many hearings, all in compliance with the Zoning Ordinance and Planning Commission.

We regretted a change in Mr. Goshgarian's business caused him to resign from the Board. Former Mayor William H. Foley was appointed to fill the vacancy.

In closing we wish to thank His Honor Mayor Godnick, the Members of the City Council, The Zoning Administrator and his Assistant Mr. La Montagne, for their cooperation and help at all times.

Respectfully submitted,

MARY V. QUIGLEY, *Secretary*  
*The Board of Zoning Adjustment*

## *Constable and Tax Collector*

*To the Honorable City Council:*

Gentlemen:

I hereby submit my report as City Constable and Tax Collector for the period from July 1, 1973 to June 30, 1974.

Delinquent poll taxes, real estate, and personal property taxes collected amounted to \$105,590.80. Delinquent water rents and sewage disposal bills were also collected in the amount of \$17,990.01 for a total of \$123,580.81.

To His Honor, the Mayor, the City Council, the City Attorney, City Officials and employees my sincere thanks for their assistance and cooperation.

Respectfully submitted,

L. BERNARD WATERMAN  
*Constable and Tax Collector*

## *Police Protection*

*To The Honorable City Council  
City of Rutland, Vermont*

Gentlemen:

I respectfully submit the annual report of the Police Department for the fiscal year ending June 30, 1974.

The Department has a total of forty-three (43) full time employees consisting of the Chief of Police, one Captain, one Lieutenant, four Sergeants and twenty-five (25) patrolmen, of which one is an Administrative Assistant, one Juvenile Officer, one Assistant Juvenile Officer, one Acting Detective and twenty-one (21) are uniformed patrolmen. There are two civilian females full time in the Traffic Court, one civilian female as records clerk, three special policewomen employed full time as parking enforcement officers, one male civilian employed as Dog Officer and one male and three females employed as full time Police Dispatchers.

All officers attended in-service firearms training and accident investigation school at the Vermont Police Academy. Special courses attended as follows: Vermont Police Academy basic-Officer Strong; Vermont Police Academy Juvenile Officer Training-Det. Williams and Officer Vallie Homocide Investigation Seminar-Officer Vallie and Officer Caulin; Emergency Medical Tech. School-Officer Caulin; Municipal Crime Scene Training and Criminal Investigators Course at Massachusetts State Police Academy-Officer Caulin; All Sergeants and relief officers attended a personal typing course with the cooperation of the Rutland High School; D.W.I. in-service training-all officers; Dispatchers in-service training. All presently appointed special officers are certified by Law Enforcement Training Council after having completed the required 30 hour basic course.

Money has been appropriated and plans are going forward for the renovation of the ground floor of City Hall for new police facilities. This will be a most welcome and necessary improvement.

During the year a Police Cadet program was organized to work with youth interested in police work. Officers Kelly, Taylor, Morgan and dispatcher Nancy Barrett are working with the group. They are to be commended for their interest and contribution of time and effort.

Several Castleton State College students have been associated with the department in field experience programs in connection with their studies in the Criminal Justice program. This has been beneficial to the college, students, and the department. The association of the department with Castleton's Criminal Justice program has done much to improve the professional attitude and understanding of modern police methods and concepts. The following have received Associates in Science degrees and are continuing work on Bachelor of Science degrees—Chief Jenne, Lt. Lafley, Officer Mack, and Officer Vallie.

The hiring of three additional full-time dispatchers under the Emergency Manpower program has done much to improve the efficiency of the department. It is hoped that funding by the City will permit continuance of this program.

I would like to express the appreciation of the entire department to all other law enforcement agencies, the press, radio and television people, who have assisted and worked along with us.

I extend my thanks to his Honor, Mayor Godnick, the Honorable Board of Aldermen and City Officials who have helped in any way during the past year.

Respectfully submitted,

STUART D. JENNE  
*Chief of Police*

## City Clerk

*To the Honorable City Council, City of Rutland, Vermont*

Mayor Godnick, Gentlemen and Mrs. Stearns:

Submitted herewith as required by Vermont Statutes, the City Charter, and the Ordinances of the City of Rutland is the report mandated for the period 1 July 1973 to 30 June 1974.

Former Mayor Foley in a communication to all departments asked for suggestions from department heads as to proposed use of allocated Federal Revenue Sharing Funds. In answer to this request the city treasurer and myself outlined the possible use of the old fire station adjacent to this building for enlarged quarters. Before submitting our proposal we contacted Mr. Donald C. Noyes, building contractor and Mr. Payson R. Webber, FAIA of the architectural firm of Webber and Wilson, Inc. asking them to determine if it would be feasible to locate a new city treasurer's and city clerk's office in this vacated area. Both visited the building and endorsed such a project. Mayor Foley spent considerable time with us and then informed us of his backing. We should note at this time that any city planning of various projects did not include enlarging our quarters which were bulging at the seams and not approved by fire officials.

Our proposal subsequently was approved by the Board of Aldermen and remodeling began in September of 1973. Today the citizens of Rutland can be proud of this expenditure knowing that their fiscal records, records of their land, births, deaths and marriages are in a safe, clean and very accessible location. We mention briefly of the many times over the years that former city clerk Henry P. Battles alerted city officials to this need but other projects overshadowed the inevitable.

Other than the Mayor and Board of Aldermen we could compile a long list of supporters of this ventures including 100% of the legal profession, contractors, the many people who seek vital statistic information and most of the above who use the facilities of the city treasurer's office.

We urge all citizens to visit our new location. It IS yours!

During this past year the new City Charter was approved. We were pleased to have been of some assistance to City Attorney Richard Walsh Norton and former Alderman Craig S. Perkins in this most important "right of the City of Rutland to govern itself".

I presently have a proposal in our new budget which if approved will update our Revised Ordinances of 1967. There have been approximately 60 amendments and/or new ordinances since 1967 and this is a necessary undertaking.

During the oil and gas crisis this office worked closely with Mayor Godnick in his never ending efforts to assure our city of adequate fuel. In addition to this the mayor also completed arrangements for fuel for those persons caught in the squeeze unable to pay.

Again I must mention the many long hours of Board of Aldermen meetings twice a month and the many, many committee meetings. Our new conference room at our new location is in constant use day and night by board members and some state agencies.

This year saw the departure from the Board of veteran alderman Honorable Joseph A. Abel, Sr. after over 30 years of devoted public service and "calling them as I see them". The members and friends honored Joe with a fine dinner and plaque.

The beautiful City Seal attached to the building this past summer and donated by the Ambrosini family adds dignity to the government of the city of Rutland and was certainly a fine gesture from a fine civic minded family.

In accepting our share of Federal or State Funds we of course have to accept the "red tape" or paper work that goes with it and while the treasurer bears the brunt of this our office has been requested to complete some government equal opportunity forms which are beyond belief for a city of our size and take considerable time.

The Food Stamp Office is now located within our new office. Food Stamps recipients are pleased with the easy access by two steps or the ramp. The Food Stamp Program is showing a constant increase as noted elsewhere in this report. Miss Catherine Walsh, directs this program in a most efficient manner with 39 years of service and a recent commendation from State Officials for a job well done.

Hunting and Fishing licenses are being increased in prices in January 1975. This office along with its outposts does a tremendous business at 50 cents per license (to the General Fund). The

legislature raised the resident combination license from \$5.00 to \$8.00 but could not find it in their hearts to increase our handling fee to 75 cents or \$1.00.

Vital statistics will be found elsewhere in this report.

When we moved to our new quarters in December 1973 except for the heavy office equipment everything else such as heavy land record books, hundreds of other books, documents and office supplies were transported by the employees of the city clerk. They carried, washed, dusted, moved and cleaned constantly for many days, besides continuing their regular duties. While they are loyal, dedicated people all year long I would like the citizens of Rutland to know of my sincere appreciation for their "very special" efforts during this transition.

Many thanks to Mayor Godnick, the Board of Aldermen and all departments for their cooperation and assistance.

Respectfully submitted,

JOHN W. BARRETT  
*City Clerk and Purchasing Agent*

**OFFICE OF THE CITY CLERK  
REPORT OF VITAL STATISTICS  
For the Calendar Year 1973**

*To the Honorable City Council:*

The record of births, marriages and deaths filed in this office during the year 1973 was as follows:

Total number of births registered in 1973 ..... 762

Total number of deaths registered in 1973 ..... 514

Total number of marriages registered in 1973 ..... 237

(See statistics below for vital statistics comparison.) (Due to the fact that vital statistics records are reported to the State for calendar years, we are unable to report for the fiscal year covered by this report.)

## City Grand Juror

Hon. City Council  
City Hall  
Rutland, Vermont 05701

To the Honorable City Council and Citizens of  
the City of Rutland:

I am honored to present the annual report of the Grand Juror's Office for the fiscal year ending June 30, 1974.

The past year has been a very busy one for this office, seeing an increase in the number of cases. Since the State is now returning the fine money collected for violation of City Ordinances, this has meant an increase in revenues.

Another large increase in revenues has resulted from a conversion in our methods of bringing motor vehicle violations. By charging the driver under a City ordinance instead of State Law, the money obtained for a fine goes to the City. This program was instituted in January of 1974, and produced revenues for the quarter ending February, 1974 of \$2,077.00. This is compared to the quarter ending February, 1973, when \$380.00 was paid to the City. In this way, the office of the Grand Juror was self-sustaining this past year and will be the next year.

Another increase has been in the area of dog violations. This has been in an attempt to solve the City's problems with dogs, and the City dog officer has been very busy enforcing the City's leash law, as well as numerous prosecutions for unlicensed dogs.

My first year in office has seen a busy time, highlighted by good cooperation with the police and other departments of the City.

Respectfully Submitted,

HENRY C. BRISLIN  
City Grand Juror

## Assessors' Office

August 21, 1974

To the Honorable City Council  
City of Rutland, Vermont

Gentlemen:

I am pleased to submit the annual report of the Assessors Office for the fiscal year ending June 30, 1974.

For the first time the Assessors Office did not raise taxes on people buying homes in the city, thus causing more equity in the system.

As of this date the Assessors are hard at work on the re-appraisal for the Spring of 1975.

I would like to take this opportunity to thank Mayor Godnick, the City Treasurer's Office, the City Clerk's Office, and all other City Officials for their cooperation and assistance.

Special thanks to my fellow Assessors, Mr. Earl Turner, and Mr. Robert W. Fox, Sr.

Respectfully Submitted,

CHARLES M. FRANZONI,  
Chairman Board of Assessors

## Rutland Free Library

### REPORT OF THE LIBRARIAN

For the Year Ending June 30, 1974

*To the Honorable City Council and  
Citizens of Rutland:*

It is a pleasure to present my eleventh annual report as the Director of the Rutland Free Library.

The past year was one of expansion and growth in the services and programs which the library offered. Demands on the library continued to increase as measured by circulation statistics and other uses made of it by the community.

#### Library Materials

Since January, 1970 the library has been a beneficiary of the Gustav H. Grimm and Family Fund, which now provides all book, periodical, pamphlet, and audio-visual materials. Adult film loops and adult sound filmstrips were added this year to the audio-visuals, among which also are 16 mm children's films, 8 mm films in the adult department, phonograph records for adults and children, the New York Times and the Rutland Herald on microfilm, and children's cassettes, children's sound filmstrips, and children's book-record combinations.

Added to the microfilm collection was the 98 reel Barbour Collection of early Connecticut vital records with some land records interwoven, which is of special usefulness to genealogists, and to others who work with pre-Revolutionary War Vermont history.

#### Outreach Programs

The library continues its established outreach services, which consist of monthly book deliveries to nursing and rest homes and to individual shut-ins, and biweekly visits to Forest Park, Templewood, Sheldon Towers, and private homes. It also was able to donate collections of paperback titles to several community institutions, and it sponsored a display at a Rutland Forum of Community Programs for the Older American.

#### Use of the Library

Activity in the library itself continues on the upsurge, with two indicators interesting to note. One was the need to expand the adult borrowers' registration file cabinet with a 15-drawer addition. Another was the increasing general reference and also research use of the collection, with a new all-time high again this year in the circulation of adult non-fiction works. This is especially satisfying to a librarian in a time when so many other activities and stimuli are competing for the attention of the public.

#### Equipment

Two items installed during the year for greater convenience were a water cooler, located near the entrance to the children's room in the main desk area, and an after-hours book return slot in the Court Street doorway, with a large capacity depressible book truck to accompany it. A new cabinet in the children's department now houses filmstrips and cassettes adjacent to the book, film, and record collections.

The double-faced, lighted case which is seen by nearly everyone entering or leaving housed a number of exhibits, such as the Walt Disney Anniversary Display, pictures of Old Rutland, a National Poetry Day Display, a selection of old stereoptican views, and a creative stitchery exhibit.

#### Library Building

The physical plant itself called for a good share of attention during the year. With the onset of the energy crisis in the late fall, thermostats immediately were lowered several degrees when the library was open and even further overnight and on weekends. In addition the Center Street entrance was closed, functioning as an emergency-only exit during the cold months and being reopened for the summer months. Storm windows were ordered for the first floor north side.

A new roof was installed on the main building during the summer, and later on the Lawrence Reading Room was washed and repainted. Toward the end of the winter a representative from the State Fire Marshal's Office visited Rutland, following this up with a list of over twenty orders, some quickly and easily complied with, others involving varying amounts of both time and capital expense.

A few examples of these orders were the construction of an outside shed for storage of equipment and tools, the addition of door closers and the opening of what previously had been control exits, addition of extra metal storage cabinets and bins and of covered waste containers in public service areas, and the placement of location signs on brackets over fire extinguishers. The

planting of several small yews along the east side of the library and of two flower beds on the west lawn enhanced the library grounds.

As summer approached work was begun on the modernization of the old second floor auditorium which originally was a federal courtroom. In the planning stages for over a year, this use of library trust funds and matching Revenue Sharing Funds will make available to the community a room which will accommodate upwards of 200 persons for a variety of meetings and social and cultural gatherings.

#### Staff

Mrs. Addie Spaulding retired in the spring after some twenty years of service to the public. Some of her knowledge of book mending, which she gained from training and practical experience, was transmitted to others over the years through workshops like the two which she held this year for school library aides. The many examples of her workmanship which can be found in the stacks attest to the very high standard which she set for herself.

Two other changes of staff occurred during the year. Mrs. Dorrit Stopek and Mrs. Claudia Rajda replaced Andrea Burke and Mrs. Ruth Medeiros, respectively, in the adult department of the library.

Many groups visit the library, some on a regular basis to do reference work and to borrow materials, and some to tour the facility while introducing some of their numbers to the library. Groups also come to attend the children's story hours and film programs which are held weekly during the summer, as well as during the school year.

Approximately twenty groups toured the library during National Library Week, among them ones from Rutland public and parochial schools and Barstow School of Chittenden, Vermont Christian Academy, and nursery school and Brownie groups. National Library Week was marked also by a Sunday Open House at which library audio-visual materials and equipment were on display.

The library appreciates the help it receives from the Rutland Daily Herald, radio stations WHWB and WSYB, the Rutland Weekly Calendar, and other sources in publicizing its programs and activities. Again this year the library was open on Sunday afternoons during fall, winter, and spring months. A moratorium on fines encouraged the return of delinquent books through the Christmas and New Year's period.

#### Board of Trustees

Mrs. Howard T. Swain, President of the Rutland Free Library Board of Trustees, also headed up the Auditorium Renovation Committee during this active and progressive year. First Vice President was Lincoln M. Fenn, who also served as chief of the Personnel Committee, while Second Vice President Mrs. Robert E. Bossardt chairmanned the House Committee. Other officers were Mrs. Verne J. Goodwin, Secretary, and Richard L. Noel, Treasurer and Finance Committee chairman.

The other trustees, all of whom serve on one or more library board committees, were Dr. Gordon B. Smith, Mrs. Robinson E. Keyes, Walter M. Moore, Richard F. Sullivan, Mrs. Merritt Thomas who headed the Nominating Committee, Mrs. James F. Chase, Charles W. Conner, Mrs. John D. Moore, and Mrs. C. Getty Page.

It was a pleasure to work again this past year with the other members of the library staff, the trustees, and city officials, for all of whose help and cooperation I would like to express my appreciation. We look forward to a year in which new services will be offered alongside a continuing and increasing demand for the library's established programs, and welcome the opportunity to participate in all of this.

Respectfully Submitted,

CHARLES D. MAURER, JR.  
*Director of the Rutland Free Library*

## *Rutland Mental Health Service, Inc.*

### **ANNUAL REPORT FOR RUTLAND CITY**

**1973 - 1974**

*To the Honorable City Council and  
City of Rutland:*

The following is a review of the activities of Rutland Mental Health Services, Inc.:

Organizational changes, both within the agency and the board, have resulted in an increase of our activities over the past year. Under the able leadership of Alfred Beauchamp, President of the Board, new programs were started and existing ones were expanded. Our statistics show that as of June, 1974, of the 1210 persons served, 600 came from Rutland City. The total units of client service exceeded 18,000, and represented an approximate 45% increase in services rendered over the previous year. In conjunction with this, our services to local schools, T.R.A.C., Probation and Parole, Corrections Department, and the Rutland Hospital have increased.

This past year brought the following changes and accomplishments:

I. An increase in Outpatient counseling and evaluation services which included individual, family, marital counseling; psychological and psychiatric evaluations; plus group activities.

II. A restructure of the Youth and Family Activity Program to include more youth and their families. Worked with the Grace Congregational Church in running a successful camp program at Lake Elfin.

III. The establishment of an acute Day Hospital program at Rutland Hospital.

IV. An increase in Rutland Hospital admissions and consultations. This increased demand will lead to a cooperative programming for hospitalized persons.

V. The development of a Crisis Team to meet increased requests for emergency counseling.

VI. An increase of consultation demands with excellent results in certain areas. Rutland City, through a combination of contract and grant monies, had services available throughout its system.

VII. A year round program for developmentally disabled children, made possible by Revenue Sharing monies, was put into action. The summer program was a big success and involved many Junior High School age people. This group developed its own association called T.A.R.C., which stands for Teenage Association for Retarded Children.

VIII. A successful start for the Work Activity Program, Qahal II. It provides programming for about 40 persons daily and also sponsors the evening social group which serves up to 60 persons on a given evening.

These programs, located at 25 Forrest Street, serve both the mentally retarded and the chronic care person from age 17.

IX. The activities this year included aftercare services for 200 persons, the initiation of the Retired Senior Volunteer Program, expanded consultation, and community education programs.

Respectfully Submitted,

**GILBERT D. ALIBER**  
*Executive Director*

## City Attorney

To the Honorable City Council,  
City of Rutland

Gentlemen and Mrs. Stearns:

I respectfully submit the Annual Report of the City Attorney for the Fiscal Year 1973-1974.

On March 5, 1974, the voters approved the revisions of the City Charter. As you know, this is a culmination of a project started in 1968, and has involved the Board of Aldermen, the Mayor, and the City Attorney's office, as well as various other departments since that time. Alderman Craig S. Perkins was particularly instrumental in this work, and I would like to take this opportunity to thank him for the countless hours he devoted to the Charter, as well as his advice and encouragement in seeing the revisions through. I believe all of us in the City of Rutland are indebted to him for his efforts.

I shall now attempt to outline in concise form some of the activities of this office:

### Litigation:

Many tax cases arising from the reapportionment have been litigated in the County Court during this past year. Three cases were concluded successfully and one case, *Shelvey v. City of Rutland* was finally settled while an appeal was pending in the Supreme Court of the State of Vermont. An attempt to tax the lands and property of the Rutland County Agricultural Society, Inc. was unsuccessful, with the Court ruling against the City. I believe that continued legislative efforts along this line will be forthcoming in Montpelier, as there is an effort under way in many States and municipalities to examine all forms of tax exempt property. Environmental cases continue to demand the attention of this office, and the attempt to locate a condominium within the City's watershed was successfully defended before the State Environmental Board. I believe it of prime importance to keep an eye on environmental matters, as these cases will continue to be of major import on the City of Rutland.

We were able to complete the probate and transfer of securities involving the Grace A. Stoolfire Estate, which benefits the advancement of musical education in the schools of the City.

The fund has now been set up under the direction of the City School Department under the control of the City Treasurer.

This past Spring, with the assistance of Mayor Godnick, we also presented an appeal to the Town of Mendon listers regarding City property in the town, and were able to effectuate a substantial reduction of the original assessment.

There are several other areas of general litigation in which this office assisted in attempting to protect the interest of the City, including Court litigation where claims are made against the City for personal injury and/or property damage. We attempt to cooperate closely with the various City offices, particularly the Department of Public Works in claims for many items of property damage throughout the year.

### Legal Advice:

Throughout the past fiscal year, this office continued to cooperate with the various City departments, particularly the City Clerk, the City Treasurer, and the City Engineer, in rendering advice with respect to the many items of day-to-day business which arise in a municipality the size of the City of Rutland. The preparation for and conduct of elections, and the proper collection of taxes and fiscal matters involve the City Attorney's office, particularly with the City Clerk and the City Treasurer, two main branches of the City government. We further research and develop opinions for the Mayor's office, the City Clerk and the City Engineer's office, and other City departments. This office continues to have contact regarding the preparation and execution of City contracts, including many leases and bid items throughout the year. A great deal of time was spent in working out a solution to the South-Spruce Street sewer problem, including the voting upon and later the sale of a successful bond issue. Many meetings were held with the various committees of the Board of Aldermen and contractors and other parties dealing with the City in working out problems and contractual terms to an ultimate conclusion.

The City Attorney's office has been particularly in close contact with the school department this past year, seeing to a conclusion the construction of the new Vocational High School.

We have seen a further advance of unionization in the City, with the Fire Department, clerical employees, and the Police Department brought within the union structure of the City. Finally, we have worked in various ordinance revisions along with continuing work on the Charter for the City.

I would like to thank the Mayor and all of the department heads who have helped this office during the past year in many ways.

Respectfully submitted this 28th day of  
August, 1974

RICHARD WALSH NORTON

## *Rutland County Humane Society, Inc.*

### ANNUAL REPORT FOR RUTLAND CITY

1973 - 1974

July 31, 1974

*To the Honorable City Council,  
City of Rutland, Vermont:*

Gentlemen:

During the fiscal year 1973-74, the Rutland County Humane Society cared for 2391 animals at the Shelter, an increase of 506 over the previous year. Included were 1258 dogs, 1054 cats, 5 guinea pigs, 21 white mice, 1 woodchuck, 1 turtle, 2 raccoons, 4 rabbits, 37 pigeons, 4 wild birds and 4 white rats. About 40% of the animals were from the City of Rutland. We also boarded the dogs brought in by the Animal Control Officer.

Our Humane Agent, Edward Wheeler, investigated 30 complaints in the City, and worked with the Police Department when needed. H checked the animals at the Rutland Fair, the Rodeo and traveling carnivals.

Due to the increase in the number of animals coming in, we have taken on more help at the Shelter, and been able to lengthen the hours we are open to the public. We welcome visits from individuals and groups.

Our operating expenses for the year were \$13,257.67—an average cost of \$5.55 per animal handled. We received \$3,000. from the City, the balance coming from Towns in the County, memberships, donations and fundraising activities.

We appreciate the support and cooperation we have received from Mayor Godnick, members of the Board of Aldermen, Police Chief Jenne and his Officers, Fire Chief Koltonski and his Department, Recreation Sup't. Cioffredi and the citizens of Rutland.

Respectfully submitted,

ELLEN PORTER, *Treasurer*

### THE RUTLAND AREA VISITING NURSE ASSOC., INC.

132 State Street

Rutland, Vermont 05701

### ANNUAL REPORT TO RUTLAND CITY

The Rutland Area Visiting Nurse Assoc., Inc. offered a variety of Health Care Programs to your city during the year. The need for health care increases with each passing year and our Agency is continually trying to grow to meet these demands.

Our program includes Skilled Nursing, Physical Therapy, Speech Therapy, Occupational Therapy and Home Health Aide Service. We have Preventive Clinics in Templewood Court and Sheldon Towers, which are held monthly. We also coordinate with the State Public Health nurses on the Handicapped Childrens Clinic and other area clinics sponsored by the State. We have Pre-Natal classes for expectant parents with follow-up care in the homes for the new born and mother.

We continue to be certified under the Medicare Program. This gives your residents who qualify under the conditions of the Medicare Program our services.

We coordinate services with the hospital for better discharge planning providing more continuity of care for the patient when he is able to go home.

The Agency works closely with other community resources, so we may bring the best possible health care to your city.

Total direct services into the home that have been provided are as follows:

Skilled Nursing Care .....	4,766 visits
Home Health Aide .....	2,370 visits
Physical Therapy .....	477 visits
Speech Therapy .....	34 visits
Occupational Therapy .....	13 visits

Our Agency has tried to cooperate with your city officials in providing nurses for any event that requires nursing staff. We appreciate your support and hope you will continue to help us bring the best possible health care to your city.

Respectfully submitted,

EVELYN MORGAN, *Director*

## *The Chaffee Art Gallery*

### CHAFFEE ART CENTER'S ANNUAL REPORT

August 25, 1974

Mayor Gilbert Godnick,  
City Officials,  
Citizens of Rutland, Vermont:

First and foremost we want to express our appreciation for your cooperation, without it and the help of our members and volunteers there would be no Art Center.

Last year the continued life of the Chaffee Art Center was in question. Overhead was greater than income, however a Revenue Sharing Grant of \$1,000. allowed us to complete the year. Seeing no potential increase in income, the Trustees of the Center introduced some temporary economic measures for 1974:

One staff member was not replaced.

The Executive Board agreed to take on more responsibilities.

Gallery improvement plans were postponed.

The booklet type Calendar of Events was reduced to a simple annual program.

The November Arts and Crafts show was eliminated. In so doing the scheduled exhibition season was shortened by a month.

All of the above were done so that a full staff and the policies of the past years could be reinstated next season.

Plans are too often changed by time. During the winter we lost our friend and benefactor, Mr. Frederick Chaffee, so in May friends and relatives paid tribute to Mr. Chaffee by sponsoring a Memorial Exhibit which featured his private stamp collection. In addition to these there were other displays of prints, photographs and paintings reminiscent of the first opening of the galleries in 1961.

It is with pleasure that we state that the relationship between the Chaffee family and the Center remains as it has been in the past. Officers have met with Mr. Keen Chaffee, who is now in charge of the building and he has assured us that we can continue to plan for the future.

The scheduled shows started in June. The educational loan exhibit "Living Arts from Africa" a sequel to the 1973 "Indian Arts from Coast to Coast" was suitably displayed. Groups of

children from area and local schools and organizations were given instructive tours. Over 1100 persons signed the register during the three week period.

Following exhibits have also been well attended by the traveling public but sales for the artists have been slow, the exception being the "Art in the Park" out-door festival. This event was a great success for the participating exhibitors. Shows for the balance of the season include two groups of one-man-shows and the annual Fall Exhibit for member artists, sculptors and craftsmen.

Your Art Center continues to give much pleasure to many people. Compliments on special and scheduled events and on the courteous and friendly atmosphere have been frequent and gratifying. I believe we have succeeded in overcoming many of our losses and that this organization is ready for a new and fresh start.

Trustees of the Chaffee Art Center

KATHERINE KING JOHNSON  
*President and Executive Director*

## Rutland Housing Authority

To The Honorable City Council  
Rutland, Vt.

Another year has come and gone and at the time of this report some of the Elderly residents at Templewood Court have been in occupancy for more than five years, while those at Sheldon Towers have lived there for over two years. The Family project has been in operation for the same period of time as Sheldon Towers.

The Authority is experiencing very little turn-over in both of the Elderly projects, while the need for Elderly Housing grows greater and greater and the waiting list continually grows. The same situation exists for the Family Project.

The Rutland Housing Authority is hoping to build more Public Housing in the City providing more funds are made available from the U.S. Department of Housing and Urban Development.

During the past year through cooperation with the Nutrition Program many of the Elderly residents are served a hot nutritious meal at Noon five days each week on a contribution basis.

Also, through the efforts of the Management and the Tenant Coordinator many outside services are provided to all the Tenants, individually and as a group, whichever the need may be.

Some of the services at the Elderly projects include: Library services with all reading material brought to the Tenants, Home Nursing Care, Personal Attention of Social Agencies in the Community when needed, and the Nutrition Program.

At Forest Park, the Families are also provided Library Services, a pre-school, Special programs for children of all ages, and a Food Co-op which helps the whole Community to stretch their food dollar.

The personal working for the Board of Commissioners are:

Willis B. White—Executive Director  
Francis F. Waterman—Deputy Director  
Grace F. Bean—Administrative Assistant  
Sally R. Turner—Bookkeeper and Secretary  
James Elder—Custodian (Templewood Court)  
James McFarren—Custodian (Sheldon Towers)  
James Carroll—Custodian (Forest Park)  
Jan C. Esposito—Tenant Relations Coordinator  
(All Projects)

The Board of Commissioners are listed elsewhere in this report.

It is a pleasure to be working for the betterment of Housing here in the City of Rutland.

Respectfully submitted,

JOHN A. LIBBEY, Chairman Board of Commissioners

## Department of Education

### RUTLAND PUBLIC SCHOOLS PER PUPIL COSTS AND ENROLLMENT FOR THE SCHOOL YEAR ENDING JUNE 30, 1974

## Library Treasurer

Hon. Gilbert G. Godnick,  
Mayor of Rutland  
Vermont

Dear Mayor Godnick:

I am happy to enclose the Financial Report of the Rutland Free Library Association, Inc. covering the period from July 1, 1973 to June 30, 1974.

On behalf of the Trustees may I take this opportunity to express to you and to the members of the Library Committee, as well as the Board of Aldermen as a whole, our sincere appreciation for your cooperation and support in helping our Library Association give increasing service to the people of Rutland.

Sincerely,

RICHARD L. NOEL, Treasurer  
Rutland Free Library Association, Inc.

Juvenile Phonograph Records	2,816
Adult Films	455
Juvenile Films	839
Juvenile Cassettes	208
Juvenile Book Recordings	629
Adult Sound Film Strips	31
Juvenile Sound Film Strips	152
Adult Film Loops	116
Juvenile Film Strips	48

## City Treasurer

To the Honorable City Council,  
Rutland, Vermont

Gentlemen:

I present herewith the 1974 annual financial report setting forth the financial position of the City of Rutland at the close of the fiscal year ended June 30, 1974.

All debt requirements of the City were met promptly during the year. Serial bonds totaling \$272,000.00 were retired. Payments of \$11,184.70 were also made on the direct reduction loans of the Parking Meter Fund. Combined interest payments on the bonded debt amounted to \$95,261.00 of which interest amounting to \$59,101.50 was paid on outstanding School Construction Bonds.

**General Fund:** This fund is financed by revenues from general property and poll taxes, licenses, permits, fines, revenues from other agencies, charges for current services and other miscellaneous revenues.

During the fiscal year ended June 30, 1974, revenues actually received were \$8,277.62 less than budget estimates and expenditures were \$168,526.44 less than budgeted appropriations.

**School Fund:** During the fiscal year ended June 30, 1974 revenues actually received exceeded budget estimates in the amount of \$376,544.44 and expenditures were \$116,296.33 less than budget appropriations. As at June 30 there was a surplus in the amount of \$450,444.40.

**Revenue Sharing:** During fiscal 1974 the City received \$717,182.00 in Revenue Sharing Funds and interest earned amounted to \$56,570.82.

The combined balance sheet presented as Exhibit A is intended to present an overall view of the financial position of the City as at June 30, 1974.

Summary statement of cash receipts and disbursements presented as Schedule I, summarizes the activity of the various funds during the fiscal year ended June 30, 1974.

Respectfully Submitted,

W. J. SIMONDS  
City Treasurer

## Auditors' Report

September 13, 1974

To the Honorable City Council  
City of Rutland, Vermont

Gentlemen:

Your Auditors have made an examination of the accounts and financial records of the Treasurer and other offices of the City of Rutland, Vermont for the period July 1st, 1973 to June 30th, 1974.

This examination was made in accordance with generally accepted auditing standards and accordingly includes such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

In our opinion the financial records of the Treasurer fairly reflect the financial condition of the City of Rutland, Vermont as of June 30, 1974 and the result of operation for the fiscal year.

Respectfully submitted,

R. NEWTON OWENS  
WARREN G. GOODRICH  
JAMES L. RALEIGH

## Dogs and Other Animals

### EXCERPTS FROM OUR DOG ORDINANCE RUTLAND CITY

#### § 2551. Disturbance of quietude as public nuisance

It shall be unlawful for any dog owner or keeper to permit or allow his or her dog or dogs to habitually howl, bark, or in any other manner disturb the peace and quietude of the community. Such conduct is hereby declared to be a public nuisance.

#### § 2552. Confinement

(a) The owner or keeper shall confine within a building or secure enclosure every dog, and not take or allow such dog out of such building or secure enclosure unless such dog is on leash or under control of some person, or securely attached to an exercise wire.

#### § 2553. Impoundment; notice thereof

Dogs found running at large may be taken up by a police officer or duly authorized agent and impounded.

#### § 2555. Penalties

Any person who violates any provision of this chapter shall be fined not less than \$10 for the first offense, not less than \$15 for the second offense, and for the third or any subsequent offense shall be fined not less than \$20 or imprisoned for ten days.

### IT'S THE LAW

No person owning, operating or controlling a motor vehicle shall park, or cause to be parked said motor vehicle on any street or highway within the central business district of the City of Rutland from 3:00 A.M. to 6:00 A.M. inclusive.

### IT'S THE LAW

You cannot plough your driveway snow out into a city street.

### IT'S THE LAW

You cannot use your power mower OR snow blower in such a manner that they blow grass or snow into the streets.

Anything you can do to help keep this city clean will be appreciated!
